

GEAR UP. CHECK IT OFF. GO BAJA.

PARTICIPANT VEHICLE CHECKLIST

Driver: _____ Vehicle: _____ Entry #: _____

[ ] STARLINK REQUIRED

01 REQUIRED TO BE READY

- ☐ Street-legal vehicle with current registration; classic/vintage race vehicles need NORRA pre-approval.
- ☐ Mexican road insurance; valid driver's license.
- ☐ Entered specifically in Safari Expedition. Display NORRA provided number badges on front and both sides.
- ☐ GPS or mounted tablet with DirtOS; demonstrate the Safari route is loaded at tech.
- ☐ 50-watt minimum VHF radio, tuned vehicle antenna; NORRA frequency 151.625 MHz programmed.
- ☐ Rear-facing amber light; keep it on when driving in dirt and dust.
- ☐ SXS, pre-runners and pre-approved race cars with cages or open cars: helmets, race suits, window nets and seatbelts required.

02 REQUIRED ON BOARD

- ☐ Tow strap and a way to attach it to your tow hook.
- ☐ First aid kit.
- ☐ Fire extinguisher.
- ☐ At least 1 gallon of drinking water PER OCCUPANT.
- ☐ Full-size spare tire matching your other tires.
- ☐ Tire jack and tire-changing tools / lug wrench.
- ☐ Camping gear for possible overnight camping.
- ☐ Basic survival gear and any required medications.
- ☐ U.S. citizens: FMM tourist permit and passport/passport card per the rule book. A U.S. passport is required for medical airlift.

SAFARI PACE: 60 mph maximum in the dirt. Stay behind your official leader.

NO DRINKING AND DRIVING

Drinking and driving will disqualify you from the event and you will be asked to leave.

ALSO RECOMMENDED: For other street-legal vehicles, use race safety gear where appropriate. Close side windows in the dirt; with no closable windows, use nets or arm restraints.

03 SUGGESTED VEHICLE CAPABILITIES

Rule 15.2.2 describes these as suggested minimums. If your vehicle does not conform, contact info@norra.com before entering.

- ☐ Aggressive LT tires: 32-inch minimum diameter and 7-inch sidewall; 33-35 inches recommended.
- ☐ 4WD or 2WD; 2WD with locking rear differential and tires at least 33 inches tall.
- ☐ Skid plates to protect the oil pan; fuel capacity for 150 off-road miles. Front and rear tow hooks advised.
- ☐ Pack an air compressor, tire gauge, plug kit, basic tools, fluids for your specific vehicle, spare belts, spare air filter and hoses.

All Safari Participants will be added to a group chat on Discord where you can ask questions to the NORRA Staff and Leaders, and other Safari Expedition participants.

QUESTIONS / VEHICLE APPROVAL: info@norra.com | NORRA.com

Based on 2026 Vehicle Rules v6.1, Sections 15.1-15.2; General Rules v5.0, with 2027 updates.

Participant preparation guide; final eligibility is subject to NORRA approval.
